Chester County News

**Remember the poll book disaster last
November? Taxpayers foot the bill!**

Karen Barsoum, the Director of Voter Services, is resigning effective June 12, 2026. A great deal of pressure was put on the County by citizens over the Poll Book Disaster last November. More than 70,000 third-party voters were eliminated from the poll books.

“A Dec. 16 Philadelphia Inquirer article outlined allegations from employees that Barsoum harbored a toxic work environment.”
